## NEWS RELEASE

SOLD ONLY BY VETERINARIANS

Summer 2006

**Biovance Life Sciences, Inc. introduces ReStore Rx™ with Senleptin™ developed for use in the compromised horse, or in any horse where hindgut fermentation may be negatively impacted. ReStore Rx™ with Senleptin™, in addition to the nitrogen components that are essential for normal hindgut bacterial growth, also contains metabolites and metabolic intermediates that would normally be produced by gut bacteria or by the horse itself in a healthy, non-stressed state.**

Product benefits are numerous:

1. Improves muscle deposition and growth rate in young horses.
2. Improves condition, muscle tone and energy level in all classes of horses.
3. Reduces or eliminates chronic weight loss.
4. Reduces post-partum weight loss and treatable colic in multiparous mares.
5. Aids in the control of chronic colic & chronic intermittent diarrhea.
6. Inhibits formation of enteroliths.
7. Aids in the treatment of post-surgical colic cases.
8. Improves metabolic condition of the gut.
9. Metabolically impacts ulcers in horses.

With Restore Rx™ with Senleptin™ the veterinarians can either take possession of the product for direct and immediate re-sale to their clients, or call the product order into Biovance who will ship product directly to the clients and bill the veterinarian practice. Call 877-246-7500 to order today!
